“ Janette Holden was professional, friendly and extremely helpful throughout the entire process of listing and selling our home. She was responsive to all our questions and provided excellent guidance in both setting a selling price and evaluating the offer. She also provided helpful contacts for services necessary to prepare our home for sale. We would highly recommend Janette and her team.

“ Janette was just very friendly during an open house, and so everything just sorta fell into place from that point. I was amazed at how Janette would reply to my emails at anytime of the day! This was my first home purchase, and Janette really impressed me with how much she remained in contact throughout the entire process! I can't wait to refer Janette to anyone looking for an agent... very satisfied!
